The **digital artworks** will be minted on the Bitcoin blockchain using the Ordinals standard

Curated by *Home Made Game*, whose mission is to bring polo closer to people, the exhibition blends tradition with innovation.

Home Made Game, also the creator of the SnB Polo Pro mobile game, specializes in merging art with technology.

Each **digital artwork** is paired with a physical artwork, transferred from digital to physical using advanced printing digital forms fused on canvases by Dacron polyester synthetic fiber used in sailing, with backgrounds hand-painted in acrylics.

The **Polo Legacy digital artworks** will include market tracking and sentiment research, guiding holders on the best times to sell.
